

Controllable

```
graph BT; DirectionalLightComponent --> LightComponent; LightComponent --> GraphicsComponent; GraphicsComponent --> Component; Component --> Controllable;
```

The diagram illustrates a vertical hierarchy of five components. At the base is 'DirectionalLightComponent', which points up to 'LightComponent'. 'LightComponent' points up to 'GraphicsComponent'. 'GraphicsComponent' points up to 'Component'. Finally, 'Component' points up to 'Controllable' at the top. Each component is enclosed in a rectangular box with a black border, and the boxes are connected by upward-pointing arrows.
